## Starting Block

Feel free to share these with a pastor to discuss further.

1. What is one big idea you learned today?
2. What is a word you heard or a thought you'd like to study more?

## Deep Dive

Use the following questions this week with family, friends, co-workers, or neighbors to go deeper into what you learned today.

1. What does your routine of Bible reading look like, and how would you like it to improve?
2. Read Romans 8:27 and discuss what it tells us of God?
3. How do you feel knowing that God loves you even when you fail?

## Springboard

Family Worship is a great time to jump into next week's sermon. Use these questions as a guide.

1. How does our mom work and serve us even when we can't see it? How should we thank her?
2. Read Matthew 4:1-11 and discuss what we can learn from Jesus' response to temptation.
3. How does our God work and lead us even when we can't see it? How should we thank Him?
